Manuel Christlieb

Professional Experience

Apr 2023 — Present

Staff Engineer

Xentral ERP Software · Remote

Building bridges not walls. Evolving platform engineering, mentoring teams, and driving infrastructure improvements to scale delivery for customers. Leading Public API development with a strong focus on unification and ease of use. Planned and lead execution of external app integration

Jul 2020 — Jun 2023

Lead Software Engineer

Xentral ERP Software · Augsburg, Germany · Remote

Led software engineering efforts with a focus on Go and PHP. Migrated workloads into cloud native resources and built scalable systems with a strong DevOps mentality and clean CI processes. Main achievement: Migrate all customers from on premise into the Cloud with automatic updates.

Oct 2015 — May 2020

PHP Web Developer

TEAM23 · Augsburg, Germany

Full-stack web development with PHP. Built and maintained web applications and infrastructure for various client projects. Lead the development of the deployment architecture of all projects
